Good morning! It's Joanna from 851 and I'm here this S.E.A.L. Summary Friday on behalf of the S.E.A.L. Team.

Did you know that today we celebrate summer solstice, where the sun shines its longest and brightest, marking the peak of the season. As we enjoy these extended hours of daylight, let's reflect on the wise words of Dr. Seuss: "Sometimes you will never know the value of a moment until it becomes a memory."

This quote reminds us to cherish each fleeting moment, especially during these sunlit days of summer. It encourages us to embrace the present and create memories that will last us for seasons to come.

As I share this announcement, I do so with a mix of nostalgia and gratitude, marking it as my final one for the year. It's been a joy connecting with you all each Friday. As they say, while all good things must come to an end, endings also signify new beginnings. I look forward to the fresh opportunities ahead and wish you all a summer filled with wonderful memories and exciting new chapters. Thank you for being part of this journey with me!

Thanks for listening have a Fresh Opportunities Friday 😊
