

April 2, 2025

Good Morning I.S.201! My name is Esther Chen from class 752, and I am here for the Words of Wisdom Wednesday on behalf of the S.E.A.L team.

April is the National Month of Hope. This holiday not only celebrates the feeling of hope but tells us how Hope brings people together. Hope is a powerful force that moves and inspires people across the globe. It's embedded deeply in our language and culture, and it unites us despite religious and cultural differences. Hope is universal.

Let's share hope in small acts of kindness this month—offering a helping hand, or just brightening someone's day. And don't forget to keep your own hope, too.

Hope doesn't last only for a month. During tough times, keep your head high and look to the future with hope. It's always worth holding on to. Hope can transform situations, and it makes us brave enough to move even when we are uncertain about things. By hoping, we make the world a better place for ourselves and others.

Affirmation of the Day: I appreciate the abundance in my life.

Thank you for listening and have a Wishful Wednesday!
