

December 11, 2025

Good morning, I.S. 201! My name is Amelia from class 731, and I am here with you this Thoughtful Thursday on behalf of the S.E.A.L. Team.

Today is December 11 and today is National Share a Smile Day. We all need to remember that something as simple as a smile can completely turn the energy in a room around, brighten someone's day, or maybe even make your day better too.

Remember as Snow White once said "You are the one who can fill the world with sunshine." That sunshine can represent your smile, your kindness, your encouragement or just choosing to be a positive when most days feel hard.

So, try and smile at someone new today, give a sincere compliment or be the reason somebody feels included today.

Like Walt Disney, today's affirmation is: *"I make space for fun, laughter, and love."*

Thank you for listening and have a Toothful Thursday 😊
